AECOM

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu, Mainland US**

As the world's trusted infrastructure consulting firm, we're committed to managing our business with the utmost responsibility and to always strive for better – whether by reducing emissions, creating social value or diversifying our senior leadership and workforce.

We're planners, designers, engineers, scientists, consultants and program and construction managers driven by a common purpose to deliver a better world – and we want you to be a part of it.

Alan Shintani, Inc.

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu**

For 40 years, Alan Shintani, Inc. has been delivering quality construction on commercial, federal, state, and residential construction projects in Hawaii. ASI has built its reputation on guaranteeing successful projects through excellent client service, collaboration, and partnership with their project teams.

Albert C. Kobayashi, Inc.

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu**

Since 1963, Albert C. Kobayashi, Inc. has served both government and private sector clients in Hawai'i. As one of the largest general contractors in the state, we specialize in all types of building construction, including commercial, educational, residential, mixed-use, retail, hospitality, and medical facilities. We are 100% locally owned and strive to provide clients with a high quality product on-time and within budget. At Albert C. Kobayashi, Inc. employees are provided with the resources and support to achieve their personal and professional goals. Our company emphasizes the importance of teamwork, integrity, and having fun while working hard.

Alpha Electric Supply

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Engineering Science, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu, Big Island, Maui, Kauai**

Alpha Electric Supply was started in Hawaii in 1987 through the vision and courage of four leaders in the electrical supply field. We have locations on the island of Maui, Oahu, Kauai and Hawaii. From its inception, the company flourished. Alpha Electric Supply provides contractors and end users with a various supply of Lighting and Electrical materials and products. Alpha is a distributor for leading brands such as Eaton, Leviton, Sylvania, Southwire and others.

ARL at UH

Seeking majors in: **Computer Engineering, Computer Science**

For **For employment, For internship**

Location: **Oahu, Maui**

The Applied Research Laboratory at the University of Hawai'i (ARL at UH) is a Navy-sponsored University-Affiliated Research Center which conducts research, development, testing and evaluation to address challenging and emerging problems for national defense needs, and focuses on: Ocean Research, Astronomy, Sensor Development, Remote Sensing, Renewable Energy, and Public Service. The ARL at UH also operates the Maui High Performance Computing Center (MHPCC) which provides essential engineering, research and development capabilities in emerging computer technology. MHPCC hosts Modeling and Simulation (M&S) capabilities that include processes, standards, tools, and best practices to enable enterprise-wide discovery, access, and reuse of software products.

Armstrong Builders

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering**

For **For employment, For internship**

Location: **Oahu, Big Island, Maui, Kauai**

Armstrong Builders, founded in 1976, is dedicated to outstanding service and craftsmanship in the areas of custom home building, luxury remodeling, design-build / design-assist and commercial construction.

Austin, Tsutsumi & Associates, Inc.

Seeking majors in: **Civil/Environmental Engineering**

For **For employment, For internship**

Location: **Oahu, Maui**

Austin, Tsutsumi and Associates remains ROOTED IN TRUST and GUIDED BY PRINCIPLE. With offices on Oahu and Maui, ATA designs projects on every island in Hawaii, providing Civil Engineering, Transportation Engineering, Land Planning, Project Management, Public Works, Construction Management and Land Surveying.

Ayko Group

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Engineering Science, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu, Mainland US**

AYKO Group is a Small Business Administration certified 8(a) and Service-Disabled Veteran Owned Small Business that specializes in commercial (restaurants, medical, retail) and Federal construction.

Bergeman Group

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Engineering Science, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu**

As Construction Managers, Bergeman Group's approach is tailored to your property or project. We work closely with you to define your specific needs, develop a plan, and manage the process through to successful completion. With decades of construction management experience, we can help you make informed decisions for any size project, giving you confidence and peace of mind.

Boeing

Seeking majors in: **Civil/Environmental Engineering, Electrical Engineering, Mechanical Engineering, Computer Engineering, Computer Science**

For **For employment, For internship**

Location: **Mainland US**

As a leading global aerospace company, Boeing develops, manufactures and services commercial airplanes, defense products and space systems for customers in more than 150 countries. As a top U.S. exporter, the company leverages the talents of a global supplier base to advance economic opportunity, sustainability and community impact. Boeing's diverse team is committed to innovating for the future, leading with sustainability, and cultivating a culture based on the company's core values of safety, quality and integrity.

With corporate offices near Washington, D.C., Boeing employs more than 140,000 people across the United States and in more than 65 countries.

Bowers + Kubota Consulting

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu, Big Island, Maui, Kauai**

Bowers + Kubota Consulting is a full-service construction and project management firm with A-E design services. We work with leading organizations, often in highly structured and regulated operations, to tackle their most difficult and unique management challenges.

Listed as a National and Local Best Place to Work, Bowers + Kubota Consulting is seeking an experienced Construction Manager to join our Kauai team. The Construction Manager oversees the managerial direction of many projects where technical complexity is at the highest and client/owner relationships are of great importance.

Brown and Caldwell

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Engineering Science, Mechanical Engineering, Computer Engineering, Computer Science**

For **For employment**

Location: **Oahu, Maui**

BC is a full-service environmental engineering and construction firm with more than 50+ offices and 1,700+ professionals across the U.S. and Canada. Since the 1990s, BC has been partnering with clients throughout Hawaii and Guam. Through our growing team of 50+ professionals on Oahu, Maui, Hawaii Island and Guam, we offer a wide range of services to deliver customized solutions to efficiently and effectively address every project's unique challenges.

Burns & McDonnell

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu, Mainland US**

At Burns & McDonnell, you are empowered to write your own story. If you have big dreams — and the talent and ambition to back them up — this is your kind of place. Entrepreneurial spirit drives us to explore big ideas and discover new opportunities. From offices across the U.S. and around the world, our engineers, architects, planners, construction professionals, technologists and scientists take on some of the world's toughest challenges with the industry's best thinking. Check out our current openings and apply today!

Carollo Engineers, Inc.

Seeking majors in: **Civil/Environmental Engineering**

For **For internship**

Location: **Oahu**

Carollo Engineers, Inc. is an environmental engineering firm that specializes in the planning, design, and construction of water and wastewater facilities. And we are looking for motivated, talented people to join our team.

City & County of Honolulu, Department of Transportation Services, Transportation Engineering Division

Seeking majors in: **Civil/Environmental Engineering**

For **For employment, For internship**

Location: **Oahu**

Department of Transportation Services, Transportation Engineering (TE) is comprised of roughly 25 staff members including traffic engineers, technicians, and planners. TE conducts studies and analysis to promote the safe, efficient, and effective use and operation of the city's streets, roadways, and appurtenant facilities; coordinates and implements engineering programs and projects to improve traffic flow and safety; prepares and processes legal schedules in accordance with the traffic code; administers the City's bikeway, pedestrian and traffic safety education programs; and administers the school traffic safety committee. TE works closely with the Department of Facilities Maintenance which

maintains city roadways and the Department of Design & Construction which manages the construction of new roadways and sidewalks.

City and County of Honolulu - Dept of Environmental Services

Seeking majors in: **Civil/Environmental Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu**

When it comes down to it, the Department of Environmental Services (ENV) takes care of everything we don't want anymore — the wastewater from our drains, and the trash and green wastes from our homes and lawns.

Every day, ENV collects and treats about 103 million gallons of wastewater along with gathering our trash from the curb and disposing of it six days a week.

But while ENV provides these services, the department's larger mission is to work in partnership with the residents of the City & County of Honolulu to make sure our island has a clean, safe environment.

ENV works with businesses, individuals, and sister agencies to foster a sense of joint responsibility for our 'aina to protect our children.

City and County of Honolulu, Engineering Departments

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Engineering Science, Mechanical Engineering, Computer Engineering, Computer Science**

For **For internship**

Location: **Oahu**

The City and County of Honolulu ranked #2 in the 2022 Forbes' annual list of America's Best Employers by State.

City engineers plan, design and implement capital improvement and infrastructure projects in our communities: energy recovery, wastewater, water treatment and water systems, parks, playgrounds and beaches, streets and roads, building and construction, lighting upgrades and improvements and much more.

Gain skills and experience as a City Engineering Intern, be a part of the next cohort and make a difference in our communities!

Engineering Departments include: Honolulu Board of Water Supply, Design & Construction, Environmental Services, Facility Maintenance, Transportation Services, Planning & Permitting and Information Technology.

Conсор Engineers

Seeking majors in: **Civil/Environmental Engineering**

For **For employment, For internship**

Location: **Oahu**

Conсор is a North American water and transportation infrastructure consulting firm offering planning, engineering design, structural assessment, and construction services. Our diverse team of experts live and work alongside clients, providing thoughtful solutions to create inspiring communities together. People choose Conсор because they know they will get a better experience- and be better for the experience- whether they're a teammate, a client, or a partner.

Consulting Structural Hawaii, Inc.

Seeking majors in: **Civil/Environmental Engineering**

For **For employment, For internship**

Location: **Oahu**

Consulting Structural Hawaii, Inc. (CSH), centrally located in the Halawa industrial area (Aiea), is a small business structural engineering consulting firm servicing all of Hawaii and the Pacific Rim for 36 years. At CSH, young engineers engage in all aspects of structural engineering (designing, drafting, specification writing, inspections, project management, travel, teamwork, collaboration, business, self-development) in a positive work environment, to uplift our community (federal government, local government, commercial and private industries). You also get a competitive salary, flexible work hours, free parking, paid holidays, paid vacation time, paid sick leave, paid insurance (medical, dental, vision), profit sharing, and bonuses.

County of Hawaii - Department of Human Resources

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Mechanical Engineering, Computer Science**

For **For employment**

Location: **Big Island**

The County of Hawai'i is one of the largest employers on the Big Island and we employ approximately 2,700 employees. Three (3) of our larger departments; Department of Environmental Management, Department of Public Works and Department of Water Supply, are actively recruiting for Civil, Mechanical, Electrical and Environmental Engineers. The County of Hawai'i has many career paths, great benefits and retirement, opportunities for career advancement, job security and our jobs provide important and vital services to the community. Our Big Island, Our Community!

Hawaiian Airlines

Seeking majors in: **Engineering Science, Mechanical Engineering, Computer Engineering, Computer Science**

For **For employment, For internship**

Location: **Oahu, Mainland US**

Now in its 94th year of continuous service, Hawaiian is Hawai'i's biggest and longest-serving airline. Hawaiian offers approximately 130 daily flights within the Hawaiian Islands, daily nonstop flights between Hawai'i and 15 U.S. gateway cities – more than any other airline – as well as service connecting Honolulu and American Samoa, Australia, Japan, New Zealand, South Korea and Tahiti.

Consumer surveys by Condé Nast Traveler and TripAdvisor have placed Hawaiian among the top of all domestic airlines serving Hawai'i. In 2022, the carrier topped Travel + Leisure's 2022 World's Best list as the No. 1 U.S. airline and was named Hawai'i's best employer by Forbes. Hawaiian® led all U.S.

carriers in on-time performance for 18 consecutive years (2004-2021) as reported by the U.S. Department of Transportation.

The airline is committed to connecting people with aloha by offering complimentary meals for all guests on transpacific routes and the convenience of no change fees on Main Cabin and Premium Cabin seats. HawaiianMiles members also enjoy flexibility with miles that never expire. As Hawai'i's hometown airline, Hawaiian encourages guests to Travel Pono and experience the islands safely and respectfully.

Hawaiian Airlines, Inc. is a subsidiary of Hawaiian Holdings, Inc. (NASDAQ: HA). Additional information is available at HawaiianAirlines.com. Follow Hawaiian's Twitter updates (@HawaiianAir), become a fan on Facebook (Hawaiian Airlines), and follow us on Instagram (hawaiianairlines). For career postings and updates, follow Hawaiian's LinkedIn page.

Hawaiian Dredging Construction Co.

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu, Big Island, Maui, Kauai**

With a legacy dating back to 1902, Hawaiian Dredging Construction Company, Inc. has played an integral role in building the face of Hawaii. Our beginnings include dredging Pearl Harbor's main channel and, subsequently constructing the Ala Wai Canal to enable the development of world renown Waikiki. Over the years, Hawaiian Dredging expanded its experience and expertise in building many of the State's iconic building structures, transportation, and utility infrastructure making the company truly a part of Hawaii history.

Today, we are the most diversified and largest general contractor in Hawaii with approximately 1,000 employees and annual revenues well exceeding \$500M. Our experience and resources accumulated over the years are reflected through our Company's five divisions- Building, Commercial, Heavy Civil, Power & Industrial, and Waterfront & Foundation, spanning the gamut of major construction in Hawaii. With a portfolio that includes many of Hawaii's most iconic buildings and infrastructure projects, Hawaiian Dredging performs across the spectrum of hospitality, retail/entertainment, commercial, residential, healthcare, educational, and infrastructure projects.

Moss & Associates

Seeking majors in: **Civil/Environmental Engineering, Construction Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Oahu, Big Island, Maui**

Moss brings an honest, positive, and intelligent approach to our business that's not readily found in the construction industry. That approach has not only created recognizable, sustainable, innovative and award-winning buildings, it has helped our company grow to being one of the most transparent, respected, and sought-after companies in the U.S. The Moss team of experts spans the country with offices in Hawai'i, California, Texas, and Florida. In addition to our Fort Lauderdale headquarters, we also have Florida offices in Miami, Tampa, and West Palm Beach.

Moss' unique company culture fosters a stable and passionate workforce.

How do we know our culture is special?

Our employees tell us. Moss is recognized by Fortune Magazine as 100 Best Medium Workplaces based upon our employees' feedback, and our employee turnover rate is lower than industry average. This consistency of staff reduces project risk, heightens customer satisfaction, and ensures a successful project for our clients.

PHNSY & IMF

Seeking majors in: **Civil/Environmental Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment**

Location: **Oahu**

Pearl Harbor Naval Shipyard & Intermediate Maintenance Facility (PHNSY&IMF) are dedicated professionals who repair, maintain and modernize the U.S. Pacific Fleet, while they contribute to the economic and social well-being of the state of Hawaii. They share values of honor, courage, commitment and aloha. And while our nation's defense budget remains constrained and regional interests intensify, PHNSY&IMF endeavors for our "No Ka 'O'i" Shipyard to be recognized as the superior maintenance provider in the Pacific. As our nation's largest, most comprehensive fleet repair and maintenance facility between the U.S. West Coast and the Far East, we will continue to build upon our time-tested foundation. We will provide a capable, ready and "Fit to Fight" fleet, as one of our nation's leading strategic assets in the Asia-Pacific theatre.

Stantec

Seeking majors in: **Civil/Environmental Engineering, Electrical Engineering, Mechanical Engineering**

For **For employment, For internship**

Location: **Big Island, Mainland US**

Communities are fundamental. Whether around the corner or across the globe, they provide a foundation, a sense of place and of belonging. That's why at Stantec, we always design with community in mind.

We care about the communities we serve—because they're our communities too. This allows us to assess what's needed and connect our expertise, to appreciate nuances and envision what's never been considered, to bring together diverse perspectives so we can collaborate toward a shared success.

We're designers, engineers, scientists, and project managers, innovating together at the intersection of community, creativity, and client relationships. Balancing these priorities results in projects that advance the quality of life in communities across the globe.
